Name:Sharma kanan

ID:25DCE110

Batch:B

Class:3CE2

Department:Computer Engineering.

Design and develop a “College Club Showcase Page” using HTML5 and CSS3.

Scenario:

CHARUSAT wants to create a webpage to showcase its student clubs and activities. As a web developer, design a single webpage that presents the club information and activity photographs in an organized and attractive manner.

Code:

```
<html>

<head>

<title>

    Collage Club Showcase Page

</title>

<style>

    body{

        background-color: rgb(203, 240, 250);

    }

    hr{

        color: rgb(0, 0, 0);

    }

    table{

        flex:display;

        margin:auto;

        border-radius:10px ;

        border-spacing: 0;

        border-collapse:separate;

        margin-top: 10px;

        border:2px solid black;

        text-align: center;
```

WDF-PRACTICAL FILE

```
background-color: rgb(255, 255, 240);

/* border-collapse: collapse;*/

}
```

```
.navv{

display: flex;

flex-direction: row;

align-items: flex-start;

justify-content: center;

color: rgb(11, 51, 51);

padding-left: auto;

margin: auto;
}
```

```
.navv: hover{

color: rgb(7, 93, 64);
}
```

```
button{

display: flex;

margin-left: auto;
}
```

```
p{

display: flex;

grid-auto-rows: auto;
}
```

```
.Image{

flex: display;

padding: 10px;

word-spacing: 20px;

text-align: center;

border-radius: 10px;

border-collapse: separate;
}

.Image: hover{
```

WDF-PRACTICAL FILE

```
        color:brown;
    }

</style>

</head>

<body>

    <h1 align="center">CHARUSAT</h1>

    <hr>

    <div class="navv">

        <h3>Home</h3>

        <h3>Clubs</h3>

        <h3>Gallery</h3>

        <h3>Contact</h3>

    </div>

    <h2 align="center">Club Information</h2>

    <table border="2">

        <tr>

            <td><b>Technical club</b></td>

            <td><b>Coding Club</b></td>

            <td><b>Robotics</b></td>

        </tr>

        <tr>

            <td>

                <p>This is technical club .</p>

                <button name="View details">View details</button>

            </td></td>

            <td>

                <p>This is Coding club.</p>

                <button name="View details">View details</button>

            </td></td>

            <td>

                <p>This is Robotics club</p>

                <button name="">View details</button>

            </td></td>

        </tr>

    </table>

```
